

# MBM DRILL

## FMM3

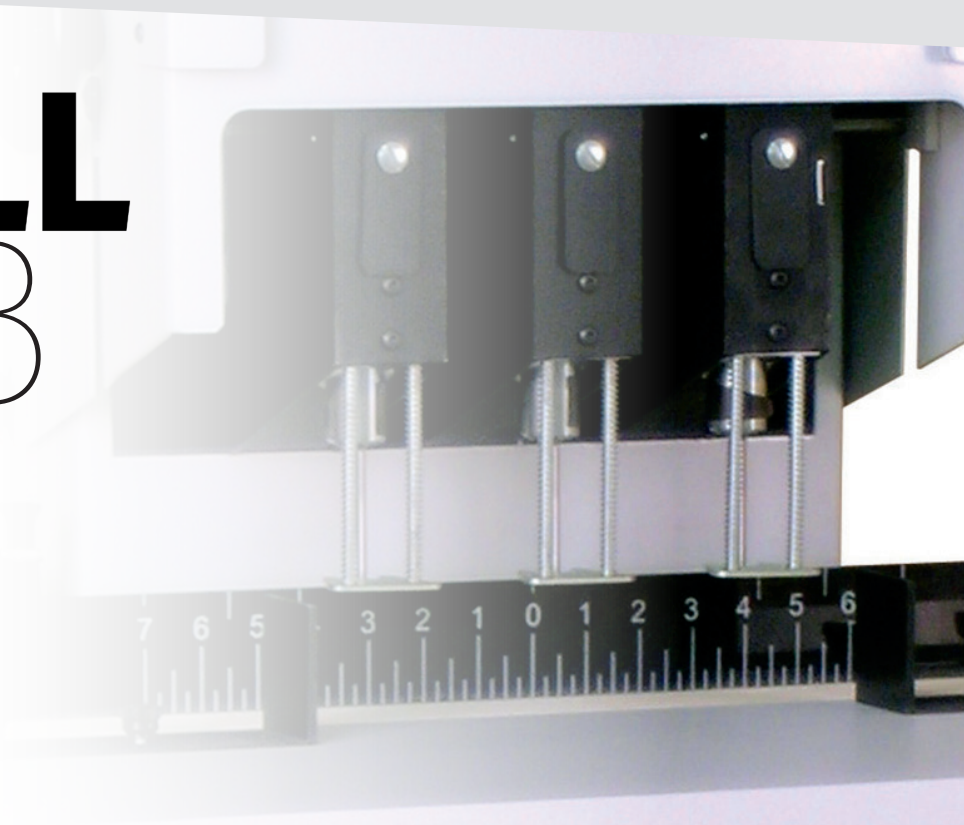

The FMM3 three-spindle floor model drill offers a 2-inch drilling capacity with adjustable heads and an easy-glide table. It accommodates 1/8 to 1/2 inch drill bits and includes three high-quality 1/4 inch bits and a carbide bit sharpener.

- A Drill Size**  
Capable of drilling 2" holes
- B BACK GAUGE**  
The back gauge ensures precise alignment by setting the correct distance from the product's edge to the center of the drill hole, using embedded scales for accuracy.
- C PRESSURE FOOT**  
The pressure foot holds the paper while the drill bit moves down to create the hole.
- D FOOT TREADLE**  
Press the foot pedal to raise the table smoothly toward the drill bits, maintaining steady pressure to drill through the product in one consistent stroke.

# MBM DRILL

## FMM3

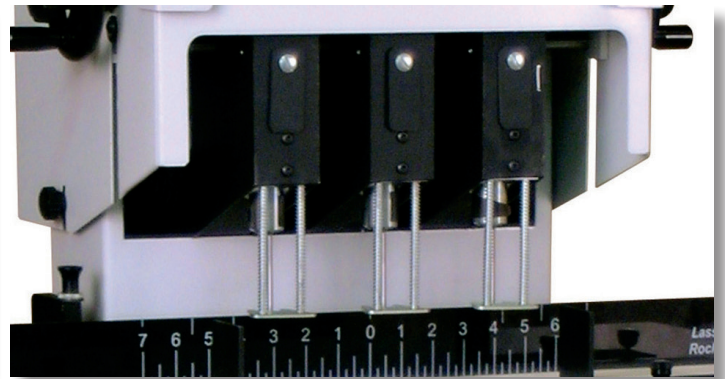

- 3-spindle floor model drill
- 2-inch drilling capacity
- Adjustable head design
- Easy-glide table with bearings
- Table includes measuring scale
- Supports 1/8 to 1/2 inch drill bits
- Includes three 1/4 inch high-quality bits
- Solid carbide bit sharpener included

### Hand Wheel

To adjust spindle spacing, loosen the Hand Wheel Lock Knob and turn the Hand Wheel to move the spindle closer or farther from the center.

### Stop Collars

The stop collars, located on the Stop Rod at the left rear of the Table, are used to either create a stationary table mode of operation or a traversing mode.

### Specifications:

Drilling Capacity	2"	Motor	.75 hp
Max throat depth	3.75"	Electrical requirements	115 V, 60HZ
Max paper length	32"	Dimensions (D x W x H)	32" x 15" x 52"
Table size	32" x 15"	Shipping weight	84 lbs
