

BOOKLET MAKERS

SF2

The Wire-Stitch Bookletmaker features a wire-fed stitching system for lower operating costs, producing up to 100-page booklets. With push-button controls, adjustable staple length, and low maintenance, it offers efficient, high-quality booklet production.

A OPTIONAL FACE TRIMMER
The optional FaceTrimmer for the SF 2 Bookletmaker operates online and trims up to 100-page booklets.

B EASY OPERATIONS
Push-button controls with 6-digit counter for user-friendly operation.

C OPTIONAL CLINCH
Optional activated clinch and on-line corner/side stitch gate.

D ENHANCED SAFETY
Transparent safety covers prevent operation when open.

BOOKLET MAKERS

SF2

- Wire-fed stitching system provides lower operating costs than bookletmakers using pre-formed staples
- Low maintenance—jogs, stitches, and folds up to 65,000 booklets without replacing wire spools
- Runs on-line with a variety of collators (interface is included) including the MBM FC 10
- Easy to use, push-button controls with 6-digit counter staple
- Leg adjustment feature allows staple length to be custom fit to the size of the book being run
- Heavy-duty clutch and bearings
- Moveable, magnetic stitching heads
- One-step threading for quick and easy set-up
- The knife folds with dual fold rollers for crisp, consistent folds
- Powered exit conveyor
